PRO IRON

SMARTER HEAT, BETTER PRINTS.

Say hello to smoother production and brighter results with the MHM PRO IRON—the perfect upgrade for any MHM automatic screen printing press. Designed to attach directly to the printhead, the PRO IRON lets you work without interruption, keeping your workflow fast, smooth, and efficient.

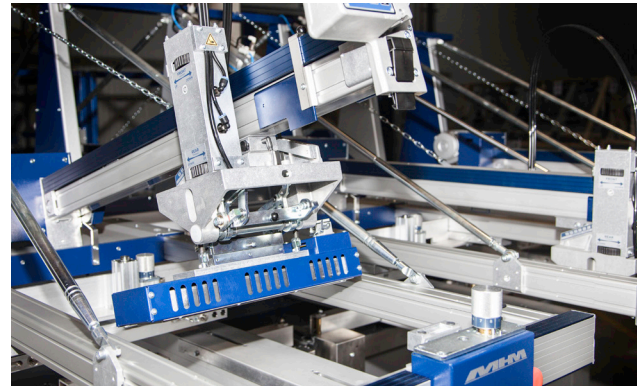

Compact, powerful, and incredibly easy to use, the PRO IRON is your go-to solution for professional heat application during screen printing—giving you the control you need to deliver top-tier results, print after print.

DIRECT MOUNTING ON THE PRINthead

No need to stop printing—the PRO IRON works right alongside your production.

EXTREME VERSATILITY

With adjustable temperatures up to 200°C (392°F), it's ready for a wide range of materials and printing needs.

EFFORTLESS CONTROL

Easily fine-tune speed and pressure directly from the printhead—no extra tools needed.

BOOSTED PRINT QUALITY

Reduce fibrillation and achieve brighter, cleaner prints every time.
