## SMART, SIMPLE, AND SUPER ACCURATE

Equipped with the trusted MHM print head system, this machine ensures clean, crisp results—every time, even on transfer sheets.

## FULLY FLEXIBLE SETUP

The Single Print can be wall-mounted or fitted with wheels, giving you the freedom to move it exactly where you need it.

## TOTAL CONTROL AT EVERY STEP

From independent flood and print speed controls to easy squeegee pressure adjustments, everything is designed to be intuitive and efficient.

## FAST ADJUSTMENTS, ZERO FUSS

Tool-free stroke length adjustments, quick-release squeegees and flood bars, and micro-registration with a zero starting position mean faster setups and quicker job changes.

## BETTER VISIBILITY, SMOOTHER WORKFLOW

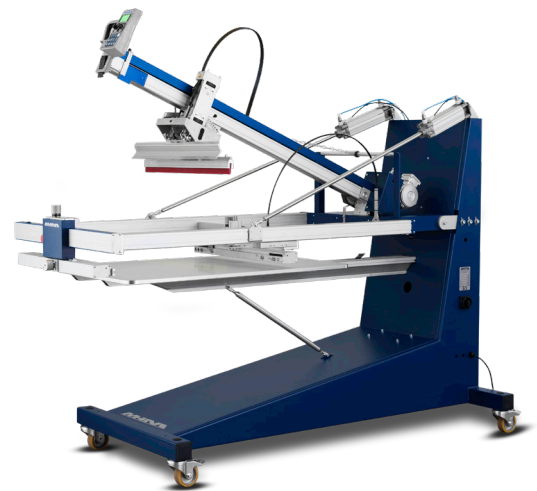

The liftable squeegee arm boosts visibility during cleaning and setup, helping you stay efficient and focused.

## Smart, strong, and surprisingly scalable—it's proof that big results don't always require a big machine.

Whether you're launching your screen printing journey or adding a trusted solution to handle specialty jobs, the MHM Single Print is designed to exceed expectations. Compact in size but big on performance, this versatile machine delivers professional-grade results with effortless precision. It's engineered for those who demand accuracy, efficiency, and consistency—without the complexity of larger systems.

With its intuitive features, easy mobility, and ultra-reliable MHM print head system, the Single Print makes setup simple, operation smooth, and output exceptional. Whether you're printing one-offs, transfers, or short runs, it provides the confidence and control you need to bring your vision to life.

The Single Print is more than just a compact press—it's a powerhouse of productivity, built to help you produce standout prints with ease.
